

Where the gown-hire money goes.

Wellington Branch NZFGW provided money to buy some DVD players for the teen parent education unit at Upper Hutt. Pat Bird, one of our members, teaches at this school and felt that the smaller players would make it much easier to use the Correspondence School DVD's. Previously these had to be played on the big TV/DVD/VIDEO players which were awkward to move around.

Pat writes, "So I asked Wellington Branch NZFGW for money to buy players. The unit is very grateful as all subjects use them."

The photos show Pat teaching her students and the DVD players being used in other subject areas.
